Accessories for Opticon

EE-x3 Range ESL

Display Solutions
EE Range Introduction

To create a distinctive business environment Opticon offers both e-paper and colored digital signage solutions. Opticon’s wireless Electronic Shelf Label (ESL) system is based on a radio architecture and e-paper label that provides advantages in performance, cost and power consumption.

Our ESLs are suitable for industries such as retail, fashion, catering, mobile shops, jewelry, home appliances, pharmacy, industry, warehouse and room signage. The benefits of digital signage are that information can be presented more easily, prices can be adjusted instantly, and the signs can adapt to the context and audience, even interactively. Opticon’s solutions aim to dramatically impact how companies operate their businesses providing a superior platform that can improve profitability and enable new customer-facing applications, promotions and loyalty programs.

Opticon’s solution highlights:
• Full centralized control and accuracy
• High flexibility in display content that is user-configurable
• Long-lasting usage
• High speed bi-directional communication
• Integrates with existing (retail) systems
Opticon’s third generation traditional e-paper label boasts a high contrast ratio and superior viewing angle. It is bi-stable, which means that the image will remain on the display even after power is disconnected. Depending individual usage, these battery powered ESLs can be used for many years. We offer various sizes, optional colors and various mounting options, all to provide different technologies for different needs in the same store.

The EE-153R, EE-213R and EE-293R can be conveniently mounted using Opticon’s rail mounting solution. You can find these rails in the chapter: ‘Accessories for EE-xx3 Series’. The EE-420R and EE-750R are used in many different environments. To facilitate the mounting of these labels two groups of mounting accessories are created. The chapter: ‘Accessories for EE-420R/750R Series’ gives universal mounting options for both the EE-420R and EE-750R. The chapter: ‘Accessories for EE-750R Series’ gives mounting solutions that are fitted for the use with Opticon’s largest ESL label, the EE-750R. Other rails and different mounting options can be produced for the labels depending on request.

You can find all the parts that are required to facilitate the communication part of Opticon’s ESL solution in the chapter: ‘The basestation’. All the parts combined deliver the full Opticon ESL solution. The Basestation can connect both the EE and PE-Range of ESL's at the same time.
The Accessories for EE-xx3 Series

The EE-153R, EE-213R and EE-293R can be conveniently mounted using Opticon’s rail mounting solution. This rail mounting offers tree options. The first mounting solution is to use the rail with foam tape. This can be done by sticking rail type ‘A’ on a clean and grease free surface using the foam tape on the back.

The second mounting solution is a rail in combination with a rail that is suitable for your use. This can be done by mounting rail type ‘C’ to your preferred surface. Rail type ‘B’ can be attached to any of the rail types marked with ‘C’. Optional accessories ‘D’ can be used to add functionality to the labels.

The labels can be attached to the rail type ‘A’ and ‘B’ by sliding them in from the side or by clicking them in from the frontside of the rail. To do this you must insert the top of the label first, then push down on the bottom of the label. The removal of the labels can be done by sliding them to the end of the rail.

The IMV rail ‘E’ can be used to directly mount the ESL’s to different surfaces. The lip on the top goes over the ESL to provide a more secure mounting option.

---

**Rail for EE-xx3**  
Length: 1000mm  
Material: PVC  
Variant: White (with foamtape)

* Holder rail xx3 cnz white 1m 14504

**Rail for EE-xx3**  
Length: 1000mm  
Material: PVC  
Variant: Transparent (no foamtape)

* Holder rail xx3 cnz transp 1m 14551

**Front rail for EE-153R, EE-213R and EE-293R**  
Rear part can be inserted with other combined BS series rails such as BS-R001, BS-R004, BS-R005, BS-R006, BS-LF002, BS-009 and so on

Length: 1000mm  
Material: PVC  
Color: Transparent

* Holder rail xx3 fix transp 1m 14669

---

**8-10mm shelf DIV**  
Rail for Shelf 8-10mm thick  
Rear part for glass, wood and metal incl t-strip for dividers

Length: 1000mm  
Material: PVC  
Color: Transparent

* Shelf rail flat 8-10mm DIV 1m 14520

**16-22mm sh. DIV**  
Rail for Shelf 16-22mm thick  
Rear part for glass, wood and metal incl t-strip for dividers

Length: 1000mm  
Material: PVC  
Color: Transparent

* Shelf rail flat 16-22mm DIV 1m 13910

**7-10mm vertical**  
Rail for Shelf 7-10mm thick vertical  
Rear part for glass, wood and metal

Length: 1000mm  
Material: PVC  
Color: Transparent

* Shelf rail Vert height 7-10mm 13911

* Subject to minimum order quantities.
Accessories for EE-xx3 Series

Rail 7-10mm Shelf
- Rail for Shelf 7-10mm thick
- Rear part for glass, wood and metal
- Length: 1000mm
- Material: PVC
- Color: Transparent
- Must be used in combination with ‘Rail CNZ for EE-xx3 transp 14551.’

| Shelf rail flat 7-10mm 1m | 13908 |

Rail 16-22mm Shelf
- Rail for Shelf 16-22mm thick
- Rear part for glass, wood and metal
- Length: 1000mm
- Material: PVC
- Color: Transparent
- Must be used in combination with ‘Rail CNZ for EE-xx3 transp 14551.’

| Shelf rail flat 16-22mm 1m | 14505 |

Rail for hor. Wires
- Rail for hor. wires shelf system
- Length: 1000mm
- Material: PVC
- Color: Transparent
- Must be used in combination with ‘Rail CNZ for EE-xx3 transp 14551.’

| Shelf rail wire/wire 1m | * 13906 |

Rail for Cefla
- Rail for Cefla shelf system
- Length: 1000mm
- Material: PVC
- Color: Transparent
- Must be used in combination with ‘Rail CNZ for EE-xx3 transp 14551.’

| Shelf rail Cefla 1m | * 13905 |

Rail for Wanzl
- Rail for Wanzl shelf system
- Length: 1000mm
- Material: PVC
- Color: Transparent
- Must be used in combination with ‘Rail CNZ for EE-xx3 transp 14551.’

| Shelf rail Wanzl 1m | 13907 |

Rail for Tegometall
- Rail for Linde, Storebest and Tegometall shelf system
- Length: 1000mm
- Material: PVC
- 2 angle positions
- Color: Transparent
- Must be used in combination with ‘Rail CNZ for EE-xx3 transp 14551.’

| Shelf rail Tegometall 1m | 13909 |

Hermes C-rail
- Rail for Hermes shelf system
- Length: 1000mm
- Material: PVC
- Color: Transparent
- Must be used in combination with ‘Rail CNZ for EE-xx3 transp 14551.’

| Shelf rail Hermes 1m | * 13913 |

Rail 20-22mm
- Rail for 20-22mm Shelves C-Channel/Lozier/Madix/P25(HMY)/La Fortezza F25 ect.
- Can be inserted in OPT001 and OPT002
- Length: 1000mm
- Material: PVC
- Color: Transparent
- Must be used in combination with ‘Rail CNZ for EE-xx3 transp 14551.’

| Shelf rail inheight 20-22mm 1m | * 14744 |

Rail for Wire/Wire
- Rail for Wire/Wire basket/Box ect.
- Can be inserted in OPT001 and OPT002
- Length: 1000mm
- Material: PVC
- Color: Transparent

| Shelf rail wire/wire 1m | * 14745 |

* Subject to minimum order quantities.
Accessories for EE-xx3 Series

**Rail flat 8-12mm**
- Rail for 8-12mm thickness Flat Shelf
- Can be inserted in OPT001 and OPT002
- Length: 1000mm
- Material: PVC
- Color: Transparent
- Shelf rail flat 8-12mm 1m * 14746

**Rail for H Shelves**
- Rail for 26mm H Shelves Double-Wire/Alser/Cefla System 25/Fa Fortezza etc.
- Can be inserted in OPT001 and OPT002
- Length: 1000mm
- Material: PVC
- Color: Transparent
- Shelf rail H-shelves 26mm 1m * 14747

**Train rail H-shelves 14.5mm 1m** * 14750

**Rail for Cefla 25**
- Rail for 22.5-23.5mm Shelf Cefla System 25
- Can be inserted in OPT001 and OPT002
- Length: 1000mm
- Material: PVC
- Color: Transparent
- Shelf rail Cefla 22.5mm 1m * 14749

**Rail 15mm in height**
- Rail for inner height 15mm Shelves CChannel/Loizier/Streater/Alser InnovatinV4/Madix/Hermes Metal e Yudigar P25 (HMY)/La Fortezza P25 ect.
- Can be inserted in OPT001 and OPT002
- Length: 1000mm
- Material: PVC
- Color: Transparent
- Shelf rail inheight 15mm 1m * 14748

**Rail for 30mm Shelves**
- Rail for 30mm Shelves Linde/Tegometal/Alser/Cefla System 25/La Fortezza etc.
- Can be inserted in OPT001 and OPT002
- Length: 1000mm
- Material: PVC
- Color: Transparent
- Shelf rail 30mm shelves 1m * 14751

**Rail for special constr.**
- Rail for 19-20.5mm H special construction shelf
- Can be inserted in OPT001 and OPT002
- Length: 1000mm
- Material: PVC
- Color: Transparent
- Shelf rail H spec 19-20.5mm 1m * 14754

**Rail for V shelf**
- Rail for vertical height 30-35mm No-tag Shelving, Works with Darling Flat/Syndicate Shelves
- Can be inserted in OPT001 and OPT002
- Length: 1000mm
- Material: PVC
- Color: Transparent
- Shelf rail V height 30-35mm 1m * 14755

* Subject to minimum order quantities.
Accessories for EE-xx3 Series

**Bumper for Rail**
Works with Flat Surface Shelf, to protect ESL from accidental damage by shopping carts.
The front bumper rail can be inserted with basic strip rail OPT001 and OPT002.
Length: 1000mm
Material: PVC
Color: Transparent

* Bumper rail Flat surface shelf * 14753

**Promotion Card Holder**
Extrusion label holder for promotion. Inserting into the rear socket of rails.
Inserted label size: 45mm H
Length: 80mm
Material: PVC
Color: Transparent

* Promotion card holder 45mm * 14764

**Promotion Card Holder**
Shelf talker clip for promotion. Working with the rails with promotion card.
Material: PVC
Color: Transparent

* Promotion card holder * 14765

**Promotion Card Holder**
Shelf talker for promotion. Working with rails:
Front is with adhesive white foam tape
Material: PVC
Color: Transparent

* Promotion card holder tape * 14766

**Angle adjuster for rail**
Adjusting the angle of the rails at a 25° or 45° angle.
To be inserted at the rear socket of the rail holder
Material: PVC
Color: Transparent

* Holder rail xx3 angle adjuster * 14781

**IMV Rail Wire 6-7mm**
Rail for single wire shelf, 6-7 mm diameter
Length: 1000mm
Material: PVC
Color: Transparent

* Holder shelf rail wire 6-7mm 14579

**IMV Rail Tegometall**
Rail for Linde, Storebest and Tegometall shelf system
Length: 1000mm
Material: PVC
Color: Transparent

* Holder shelf rail Tegometall 14580

**IMV Rail Wanzl**
Rail for Wanzl shelf system
Length: 1000mm
Material: PVC
Color: Transparent

* Holder shelf rail Wanzl 14581

**IMV Rail Glass 6-8mm**
Rail for Shelf 6-8mm thick
Rear part for glass, wood and metal
Length: 1000mm
Material: PVC
Color: Transparent

* Holder shelf rail glass 6-8mm 14582

* Subject to minimum order quantities.
Accessories for EE-xx3 Series

**Disassemble tool**
ESL Dissemble Accessory for: Removing ESL label from rail

- Material: ABS
- Color: Grey
- Disassemble tool for 14669  * 14782

**Peghook Bracket**
Peghook bracket for EE-xx3

- Length: 450mm
- Material: PVC
- Color: Transparent

- Holder bracket xx3 peghook 14587
The Accessories for EE-420R/750R Series

The mounting of the EE-420R and EE-750R labels is different compared to the smaller labels. Because these labels are used in different environments a variety of mounting options are available. The ‘Meto/HL bracket’ (marked with ‘II’) can be attached to the back of the EE-420R or EE-750R. This bracket allows the mounting of a large variety of fixtures to the back of the EE-420R or EE-750R. These fixtures are marked with ‘III’ on the following pages.

The ‘tape fixture for HL accessories’ marked with ‘II’ can be used for the mounting on products other than the EE-420R and EE-750R. This tape fixture can be used with all the mounting options marked with ‘III’. It is equipped with a single cassette connection and foam tape on the rear.

Mounting options consist of different fixtures, hooks, foot’s, clamps, clips and sticks. A lot of these mounting options are available in white, black or transparent variants. Different mounting options can be produced for the labels depending on request.

---

### Holder EE-xx3
- **Mounting adapter for EE-153R, EE-213R and EE-293R. Works together with other mounting hardware.**
- **Material:** PVC
- **Color:** Transparent
- **Holder bracket xx3**  
  - * 14756

### Holder EE-xx3 Tape
- **Mounting adapter with adhesive tape for EE-153R, EE-213R and EE-293R.**
- **Material:** PVC
- **Color:** Transparent
- **Holder bracket xx3 tape**  
  - * 14757

### Holder EE-xx3 Magn
- **Mounting adapter with magnet for EE-153R, EE-213R and EE-293R.**
- **Material:** PVC
- **Color:** Transparent
- **Holder bracket xx3 magnet**  
  - * 14758

### Meto/HL bracket
- **Meto/HL bracket for EE-750R and EE-420R with cassette connector for HL accessories**
- **Color:** White
- **Holder bracket EE-420/750**  
  - 14086

### Tape Fixture for acc.
- **Universal Tape fixture with cassette connector for HL accessories**
- **Color:** White or black
- **Fixture white for HL acc.**  
  - * 14549
- **Fixture black for HL acc.**  
  - * 14550

* Subject to minimum order quantities.
Accessories for EE-420R/750R Series

**Holder T-Hook 3-6mm**
T hook hanger for:
3-6mm T hook
Includes ‘Holder bracket xx3’ (14756)
Material: PVC
Color: Transparent
Holder bracket xx3 Thook 3-6mm * 14759

**Holder T-Hook 5-9mm**
T hook hanger for:
5-9mm T hook
Includes ‘Holder bracket xx3’ (14756)
Material: PVC
Color: Transparent
Holder bracket xx3 Thook 5-9mm * 14760

**Holder Wire 3-30mm**
Metal wire hanger for:
2 different poles 3mm to 30mm
Includes ‘Holder bracket xx3’ (14756)
Material: PVC
Color: Transparent
Holder bracket xx3 peghook * 14761

**Fixture for Tego**
Fixture for Tego with cassette connector
Color: White
Must be used in combination with ‘Meto/HL bracket (14086) or fixture for HL (14549).’
Mount fixture Tego - 14086 14542

**Fixture for SlimLine**
Fixture for SlimLine with cassette connector
Color: White
Must be used in combination with ‘Meto/HL bracket (14086) or fixture for HL (14549).’
Mount fixture Slimline - 14086 * 14543

**Clamp for baskets**
Clamp for baskets with cassette connector
Color: White
Must be used in combination with ‘Meto/HL bracket (14086) or fixture for HL (14549).’
Mount basket clamp - 14086 14541

**Stand**
Foot with cassette connector
Color: White or black
Width: 49 mm
Length: 50 mm
Must be used in combination with ‘Meto/HL bracket (14086) or fixture for HL (14549).’
Mount stand long white - 14086 * 14535
Mount stand small black-14086 * 14536

**Stand Small**
Foot with cassette connector
Color: White
Must be used in combination with ‘Meto/HL bracket (14086) or fixture for HL (14549).’
Mount stand small white-14086 14539

**Stand Table Small**
Small table top support with hinge on the back
Does not include ‘Holder bracket xx3’ (14756)
Material: PVC
Color: Transparent
Mount stand table front small * 14772

* Subject to minimum order quantities.

Waterproof Housing
Large size waterproof cover for: EE-420R
Material: PVC
Color: Transparent
Housing waterproof EE-420 * 14780

* Subject to minimum order quantities.
The EE-750R is Opticon’s largest ESL label. This large size makes the EE-750R very useful for situations where more attention is required. To facilitate this, custom mounting options are available for the EE-750R. Different mounting options can be produced for the labels depending on request. The ‘Wall Bracket’ allows the EE-750R to be mounted on a wall. This makes the ESL perfectly suitable as a room signage device or for meeting room reservations.

The ‘Holder EE-750R Stand’ allows the ESL to be placed on the metal foot (14523) using an adjustable tube (14524). This configuration makes the EE-750R perfectly usable for use cases where there is no fixed shelving system to attach the label, such as fruit and vegetable stands.

The ‘Holder EE-750R Hanging’ allows for the ESL to be suspended in the air. To facilitate this a variety of parts are available. By combining two ‘S-shape hooks’, suspension hooks, end caps and overhead profile you can suspend the EE-750R in the air with easy installation. A complete set consists of one ‘Holder EE-750 Hanging (14522)’, two ‘Hook S-shape (14525)’, two ‘Suspension - EE-750 (14526)’, two ‘Suspension for overh. Profile (14528)’, two ‘End Cap for overh. Profile (14625) and one ‘Overhead profile alu 2000mm (14527)’.

### Wall Bracket
Bracket for wall mounting the EE-750R
Color: White

### Holder EE-750R Stand
Holder EE-750R for Stand
Color: Transparent
Can be used in combination with ‘Metal plate stand EE-750R (14523) and Tube 12mm for metal plate (14524).

### Metal plate for EE-750R
Metal plate for stand EE-750
Color: Grey
Width: 160 mm
Length: 200 mm
Material: Platemetal
Can be used in combination with ‘Holder EE-750R for Stand (14521) and Tube 12mm for metal plate (14524).

### Tube 12mm for plate
Tube 12mm for art EE750 stand
Color: Grey
Width: 12 mm
Can be used in combination with ‘Holder EE-750R for Stand (14521) and Metal plate stand EE-750R (14523).’

* Subject to minimum order quantities.

Housing hanging EE-750 big * 14784

* Subject to minimum order quantities.
From small retail to multi-store business, implementation of the Basestation is very simple. All e-paper labels are connected to the same network and content management system, which is connected to the back-office system. One EBS-40 base station can load 2,500 ESLs per station and has a 25-meter indoor radius.

The ESL Server software runs on the Base Station and can be used to provide the ELSs with content. There are different types of solutions that the ESL Server Software will support: CSV-file solution, SQL solution, CSV / SQL hybrid solution, External content management solution and a SQL API. You can download the latest version from www.opticon.com.

Use the EBS Power Supply to provide the Base Station with 6V power. You can use the EBS Ethernet cable to connect the Base Station to your existing network. A demo set of 5 NFC cards with Opticon Print are available. You can program these cards with the NFC Reader.
